

"SCIENCE JOURNAL RANKING BY AVERAGE IMPACT FACTORS, Version 2003"
 Created by Acad. Prof. Dr. Ioan-Iovitz Popescu in December 2002
 Based on ISI annual data sets of SCI-JCR (1974-2001)

An addendum to the web article:

http://www.geocities.com/iipopescu/Jo_rankingb.htm

http://alpha2.infim.ro/~ltpd/Jo_rankingb.htm

LEGEND:

ID = identification number

JRK = journal rank within discipline = $1 - (n - 1)/N$, where

n = descending ranking number within discipline

N = total number of journals in the discipline

JIF = average journal impact factor over all years of ISI quotation

"ISI = Institute for Scientific Information, Philadelphia, PA, USA"

The URL of the ISI Web site is <http://www.isinet.com>

NOTE: (New in 2001) = new journal included in 2001
