The poster features a 3D schematic of the CBM experiment detector components, including the TOF, TRD, RICH, Magnet, STS, MVD, and BMON. The text '42nd CBM Collaboration Meeting' is prominently displayed. Below the schematic, the dates 'September 24-29, 2023' and location 'Bucharest, Romania' are given. An aerial view of the Horia Hulubei National Institute for Physics and Nuclear Engineering is shown. The organizing body is the Hadron Physics Department (HPD) at the institute, with contact information provided. Logos for IFIN-HH, CBM, FAIR, and other partners are at the bottom.

Juniors day

A large audience of men and women, mostly in business casual attire, is seated in a lecture hall, facing a stage. The stage features a large projection screen displaying a presentation titled "Progress analysis software". The presentation includes several heatmaps and text boxes. One text box reads: "GD tracking can capture...". Another text box reads: "Experience used in...". A third text box reads: "Experience to deliver today...". A fourth text box reads: "Your application for the test of...". A fifth text box reads: "This has achieved in 100%...". A sixth text box reads: "Available on test by...". The stage also has a small podium and a potted plant. The lecture hall has a high ceiling with recessed lighting and a large screen on the right wall.
