PREDEAL INTERNATIONAL SCHOOL

COLLECTIVE MOTION AND PHASE TRANSITIONS IN NUCLEAR SYSTEMS

Predeal • August 28 - September 9, 2006

Dear Sir,

Here enclosed we send you the announcement and the application form of the International Summer School **"Structure and Stability of Nucleon and Nuclear Systems"** , to be held in Predeal, Romania, in the period August 28 - September 9, 2006.

As you see we selected topics covering various fields ranging from low to high energies, from nuclear structure to reaction mechanisms, from stable to chaotic systems, and from weak interaction to quark gluon plasma.

We hope you will find the included fields interesting for your group and you will decide to join our meeting.

Moreover, we would be very grateful to you if you could disseminate the information about our School.

Looking forward to meeting you and your colleagues in Predeal, we send you our best wishes.

THE ORGANISING COMMITTEE

participation Applications are to be sent not later than August 1. A letter of recommendation from a professor or official of the home institute has to be attached to the application form. A limited number of contributed papers will be accepted for presentation. These are to be submitted before July 15. The official language of the School will be English. The full price will be 600 EURO, all included. A small number of fellowships is available for young participants who apply for financial support.

proceedings of the invited lectures will be published within 6 months by an internationally recognized publishing company.

general information Located at the site where the highway passes from the southern slope of the Carpathians to the northern one, the PREDEAL resort, an important tourist center, is the town with the highest altitude in Romania: 1060 m. Very sunny, the locality provides a wide panorama of the beautiful surrounding mountains. A large variety of touring and sport facilities are available. Predeal is 25 km far from the old Transylvanian town of Brasov, where arrangements can be made for theater, concert and organ recitals at the 500 years old organ of the Black Church.

Predeal can be reached by train from Bucharest (cca. 2 hours) or any other central or western European country.
